

Soap Nuts

(Sapindus Mukorossi)

Sustainable Alternative to Liquid Laundry Soap

- All natural, chemical-free cleaning
- Natural soap (saponin) released when wet
- 100% biodegradable, odorless, and hypoallergenic
- Anti-fungal, anti-microbial, and naturally softening
- Completely sustainable: only shells are used; seeds can be replanted; trees are unharmed

Laundry instructions

1. Place 4-6 soap nut shells into small muslin bag (for heavily soiled clothes use 6-8 shells)
2. Place laundry and soap nut bag into washing machine
3. Wash clothes per fabric instructions
4. Save used shells for 4-6 more washes
